

GET A REAL-TIME VIEW OF WHAT'S COMING AND GOING.
ASCENT AND ZEBRA TC51 PUT INVENTORY CONTROL IN YOUR HANDS.

PULL THE RIGHT PRODUCT

Look at the rental order on your TC51 screen. Scan the product's barcode to verify picking accuracy.

PUT THE RIGHT PRODUCT ON THE RIGHT TRUCK.

Track the order's movement and record the shipment.

The 5 Rental "Rights"

Here's how you get it right.

PUT YOUR INVENTORY RIGHT BACK WHERE IT BELONGS.

Scan the putaway location to ensure the product is correctly returned to stock.

VERIFY YOU GET THE RIGHT PRODUCT IN RETURN.

Scan and record the return, match it with the order, and instantly update inventory.

TRACK THE SHIPMENT TO THE RIGHT PLACE.

Confirm and automatically record the delivery.

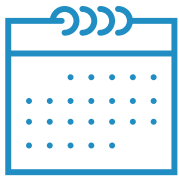

ASCENT RENTAL AND THE TC51 = TOTAL CONTROL

The Zebra TC51 touch computer puts enterprise-grade computing power in a smartphone-styled device.

- Create dedicated keys for one-touch access to the most frequently used apps and tasks.
- SimulScan lets you capture 1D/2D barcodes, text, phone numbers, images, signatures, and checkboxes.
- Verify product's condition with 13MP camera.
- 1.8Ghz hexa-core 64-bit processor delivers lightning fast speed to boost productivity.
- Rugged design withstands drops on the floor and even in water.
- PowerPrecision+ battery delivers 14+ hours of performance.
- Zebra's Mobility Extensions (Mx) provide enterprise-level Android security, device management, and data capture.
